Postdoctoral Program Admissions	
<p>Briefly describe in narrative form important information to assist potential applicants in assessing their likely fit with your program. This description must be consistent with the program's policies on intern selection and practicum and academic preparation requirements:</p> <p>The overarching goals in the NCPTSD D&T program are for fellows to develop advanced-level competence as a psychologist and the skills required to function effectively as a psychologist in a high priority area of health care for veterans (e.g. PTSD). Fellows devote the majority of their time to patient-oriented research and education activities and 25% to direct patient clinical care. Potential research areas include PTSD treatment effectiveness trials, innovations in treatment applications, health services research on access and quality of PTSD care, telemental health trials testing video, internet, or smart phone-based interventions, and implementation science studies on mechanisms for expanding adoption of best care practices. Content areas of special focus include sleep, substance abuse, mental health service delivery in primary care, military sexual trauma (MST), and disaster response. Clinical training includes intensive experience working with veterans using individual and group modality. Training options include participation in residential, substance abuse and outpatient environments. Fellows are exposed to a variety of evidence-based therapies including Prolonged Exposure (PE), Cognitive Processing Therapy (CPT), Skills Training in Affective and Interpersonal Regulation (STAIR), and Acceptance and Commitment Therapy (ACT).</p> <p>Applicants must submit the following documents:</p> <ol style="list-style-type: none"> 1. Personal Statement (max 2 pages) of professional goals and interests that describes applicants' education, clinical and research experience, area of clinical & research goals and its alignment with the NCPTSD emphasis area and mission, and applicant's expected goals and objective of the fellowship 2. CV 3. Work samples that highlight work relevant to PTSD emphasis area 4. Three letters of recommendation <p>To be considered for the postdoctoral fellowship in the NCPTSD VA Advanced Fellowship in Mental Illness Research and Treatment psychologist applicants must have obtained a doctorate from an APA accredited program in clinical or counseling psychology and have completed an APA accredited internship in clinical or counseling psychology. Social Work or Nursing applicants must have a doctorate from an accredited program and have appropriate clinical training. In addition, applicants must be a U.S. citizen.</p>	
Describe any other required minimum criteria used to screen applicants:	N/A
